The screenshot displays the 'laptop.bg' online shop interface. At the top, a banner features the text 'Laptop BG will open doors.' with a background image of a person opening a door. Below the banner is a navigation menu with links: Излез, Регистрация, За нас, Новини, Доставка, Софтуер, and Контакти. The language is set to 'Български'. On the left sidebar, there is a 'МАРКИ' (Brands) section with a list: SONY, FUJITSU SIEMENS (highlighted), IBM, TOSHIBA, HP COMPAQ, and ACER. Below the brands is a price range slider from 0 to 5000 and a list of features: Wide Screen, Wireless, Fireware, and Bluetooth, each with a checkbox. A 'СРАВНИ' (Compare) button is also present. The main content area is divided into three sections: 'Най-продаваните' (Most sold), 'Най-новите' (Newest), and 'Промоция' (Promotion). Each section contains four product cards, all for the 'AMILO A 1650G-A16' laptop by Fujitsu Siemens, priced at 2999 BGN. Each card includes an image of the laptop, a price tag, and icons for shopping cart, information, and comparison.
